

NOTICE TO ALL STUDENTS OF SLIIT/ SLIIT ACADEMY

Dear Students,

Further to the message from the Vice-Chancellor sent last Friday, I am writing to inform you that online delivery of this week's lectures will commence on March 18 for the Faculty of Computing and School of Business. All other academic units will start online delivery from 19th March. Please access CourseWeb for details starting tomorrow morning. The lectures for subsequent weeks will be posted on CourseWeb as the weeks progress. It is therefore important that students regularly access CourseWeb to follow the online materials and relevant instructions. The lecturers-in-charge will be posting information on the continuous assessment and mid-terms/quizzes after we complete the initial phase of transition to online delivery.

We will be using several technology tools (e.g., Webex) to enhance your learning experience. The details of these tools and related online demonstration links will be posted on CourseWeb to facilitate convenient access and use of online teaching technology.

- All questions/problems related to the [online delivery technologies](#) should be directed to **supportIT@slit.lk** or call
011 754 3175
011 754 3176
011 754 3178
076 637 8351
- Students are encouraged to direct all [academic related questions](#) to the specific emails given on below.
